GO YOUR OWN WAY

THE FUTURE OF TOUGH

4x4 D-MAX X-TERRAIN in Volcanic Amber metallic

Powered by its legendary 3-litre turbo diesel engine, the All-New Isuzu D-MAX takes you to the next level of performance and reliability.

Welcome to the new generation of tough. From cutting-edge technology to the power you need, the All-New D-MAX is more capable than ever before. Designed to handle the harshest of Australian conditions, it has everything you require to own your next adventure in style and comfort. Whether on or off-road, at work or at play, the D-MAX defines durability – today, and every day after.

Everything Isuzu has learned over a century of specialist engineering has led to this. The rugged, reliable, and refined Isuzu D-MAX. GO YOUR OWN WAY.

4x4 D-MAX X-TERRAIN in Volcanic Amber metallic (front) &
4x4 D-MAX X-TERRAIN in Mercury Silver metallic (rear)

A

B

C

D

Muscular and modern, the Isuzu D-MAX commands attention at every turn.

The All-New Isuzu D-MAX combines signature toughness with sleek urban charisma. Whether you're on a worksite, navigating the city or ruling off-road, it's bigger, bolder and even more decisive.

The D-MAX lights the way with LED Daytime Running Lights (DRLs) and ultra-bright Bi-LED headlights standard on the LS and the top of the range X-TERRAIN. Taking style to another level, the X-TERRAIN features dark grey highlights and exclusive features such as an aero sports bar, fender flares and a lockable roller tonneau. And to make the ultimate statement, the X-TERRAIN is offered in Volcanic Amber – an exclusive metallic paint finish that's as confident as it is eye-catching. With its dominant stance and imposing presence, this is the supreme evolution of Isuzu's celebrated truck spirit.

A Bi-LED HEADLIGHTS: Bi-LEDs illuminate further and wider. Standard on LS and X-TERRAIN models.

B FRONT GRILLE: With an unmistakably Isuzu attitude, the D-MAX grille is both rugged and stylish. The dark grey grille shown is standard on X-TERRAIN only.

C LED Taillights: Ultra-bright LED taillights are standard on LS-U and X-TERRAIN D-MAX models.

D ALLOY WHEELS: Standard on X-TERRAIN models, dark grey 18" alloys feature a distinctive, darkened finish.

*Seats have leather touches or accents, but are not wholly leather.

C

D

Effortless space. Intuitive design. Complete comfort.

Your Isuzu D-MAX is more than just a ute to get from A to B. It's your mobile office, your place to relax, and your passport to adventure. Whatever your purpose, the D-MAX's interior has been carefully crafted to suit your needs.

The first thing you'll notice is the D-MAX's stylish, richly appointed and technologically advanced cabin. It's never been simpler to find the perfect driver's position, with a redesigned, ergonomically optimised driver's seat, and tilt and telescopic adjustment of the steering wheel. With electric power steering, every corner of every drive will feel better than ever before. The top of the range D-MAX X-TERRAIN adds an extra layer of luxury with leather accented seats* as standard, as well as an eight-way adjustable electric driver's seat with built-in powered lumbar support.

Your passengers win, too. All occupants enjoy softer cushioning with firmer lateral support, ample space and abundant storage. Reduced vibration and cabin noise make each journey a pleasure. LS-U and X-TERRAIN models feature dual zone climate control, while a fine-particle pollen filter and rear-seat air vents feature on all crew cab models.

A ELECTRIC ADJUSTABLE DRIVER'S SEAT: Standard on the X-TERRAIN, an eight-way electrically adjustable driver's seat also offers customisable powered lumbar support. Powered lumbar support is also standard on the LS-U.

B REAR SEATS: 30/70 split fold rear seats standard on all crew cabs.

C DUAL ZONE AIR CONDITIONING: Standard on LS-U and X-TERRAIN, both driver and passenger can select their own temperature preference.

D TILT & TELESCOPIC STEERING WHEEL: All models feature a height and reach-adjustable steering wheel for improved comfort and control.

*Seats have leather touches or accents, but are not wholly leather.

THE COMMAND CENTRE

*Seats have leather touches or accents, but are not wholly leather.

The All-New Isuzu D-MAX features an array of advanced technology – all tailored to make your life easier.

The Isuzu D-MAX delivers all the technological convenience and functionality you've come to expect – and more.

Every D-MAX features a large, high-definition, customisable central touchscreen, with DAB+ digital radio, Android Auto™ and wireless Apple CarPlay®, as well as voice recognition. A large 4.2" digital display lets the driver access a variety of information in the instrument cluster via the steering wheel, including a digital speed reading. LS-U and X-TERRAIN models feature built-in satellite navigation as standard, while up to eight surround-sound in-cabin speakers put you in the front row of the concert on every journey.

An array of technology brings you closer to your car. Remote keyless entry features in every model, with the top of the range X-TERRAIN including smart keyless entry. Remote engine start can pre-cool your ute in summer or warm it in colder months, while push button start minimises fuss. All D-MAXs offer automatic wipers, automatic headlights and all automatic models feature adaptive cruise control as standard.

A REMOTE ENGINE START: The engine can be activated prior to entry with the push of a button. On X-TERRAIN only.

B SMART TOUCHSCREEN DISPLAYS: AppleCarPlay®/Android Auto™ and voice recognition is standard across the D-MAX range.

C SMART MID: Digital smart Multi-Information Display (MID) is standard across the range providing information on a variety of vehicle features.

D REVERSING CAMERA: Every D-MAX comes with a reversing camera and Rear Cross Traffic Alert (RCTA) as standard.

Apple CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC. Not all devices will be compatible & functionality will vary depending on the device. Mobile Data & SMS rates may apply & are the responsibility of the user. Please check your local road rules before using these functions.

THE SMARTEST SAFEST CHOICE

IDAS
INTELLIGENT DRIVER ASSISTANCE SYSTEM

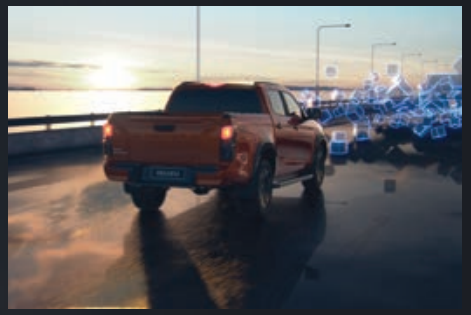
Cutting-edge and personalised driver assistance systems designed to protect and enhance your driving experience.

Isuzu's Intelligent Driver Assistance System (IDAS#), which covers an extensive list of both active and passive safety features, is standard across every D-MAX model. Using state-of-the-art sensors and a stereo camera system, the D-MAX constantly monitors your surrounding environment for danger. Should it detect a collision is imminent, the system will work to help the driver to defuse dangerous situations via alert systems and automated functions. Each D-MAX model includes eight airbags as standard, and a stronger, more robust body and chassis as well as a reinforced cabin safety cell for ultimate protection in the case of an accident. You're in the safest of hands, wherever the journey takes you – even when you leave the road behind.

4x4 D-MAX X-TERRAIN in Cobalt Blue mica

#IDAS features are designed to assist the driver, but should not be relied upon nor used as a substitute for safe driving practices. Feature operation may vary in different driving conditions. For full explanation of limitations, see Owner's & Driver's Manual.

AUTONOMOUS EMERGENCY BRAKING (AEB): If your D-MAX detects a potential collision, emergency braking is applied automatically.

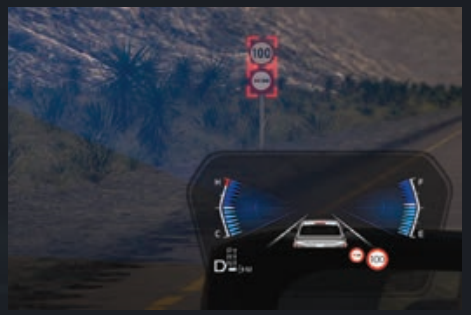


FORWARD COLLISION WARNING (FCW): An audible warning sounds and red warning lights flash on the dashboard when an obstacle is detected in your path.

ADAPTIVE CRUISE CONTROL: Automatically adjusts your speed based on vehicles around you when cruise-control is activated. (Automatic Transmission only).

BLIND SPOT MONITOR (BSM): Provides a visual warning in your side mirrors when an obstacle is approaching in your blind spot.

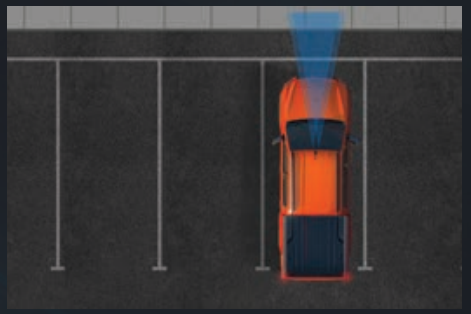
LANE KEEPING: Lane Keep Assist (LKA), Emergency Lane Keeping (ELK) and Lane Departure Prevention (LDP) work to help prevent collisions with other drivers should your D-MAX begin to drift across its lane.



TRAFFIC SIGN RECOGNITION: Your D-MAX recognises traffic signs, displaying information such as speed limits in the MID for easy reference.

FRONT & REAR PARKING SENSORS: Provides instantaneous feedback regarding nearby obstacles at low speed on X-TERRAIN models only. (LS-U models have rear sensors only as standard).

REVERSING CAMERA WITH REAR CROSS TRAFFIC ALERT (RCTA): Monitors your surrounding area while reversing into traffic, providing visual and audible warnings should an object approach from the left or right.



MISACCELERATION MITIGATION: In slow moving areas such as car parks, the stereo cameras determine whether the accelerator has been applied accidentally. Should a potential collision be detected, the brakes are automatically applied. (Automatic Transmission only).

AUTOMATIC HEADLIGHTS & HIGH BEAMS: Headlights automatically turn on when it is dark, such as at dusk or in underground car parks. During travel, the D-MAX dims the high beams automatically to avoid dazzling other drivers.

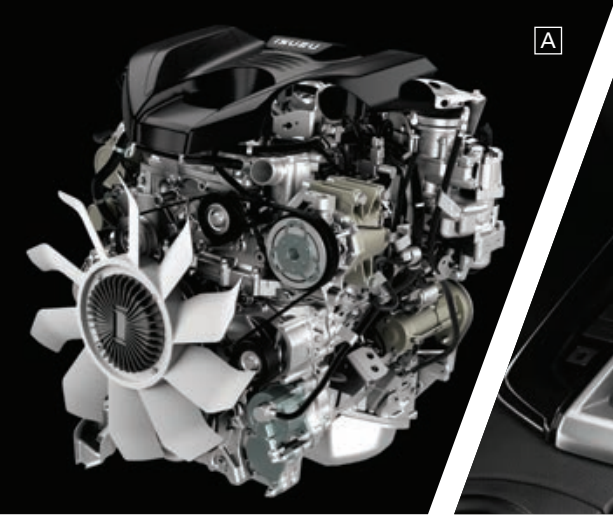
AUTOMATIC WINDSHIELD WIPERS: Every D-MAX has built-in rain-sensing wipers, ensuring you never lose sight of the road or trail ahead.

EIGHT AIRBAGS: For ultimate protection, every D-MAX comes with eight airbags including a centre airbag to protect front seat occupants in side-on collisions.

Safety feature imagery is for illustrative purposes only.

THE MUSCLE UNDER THE HOOD

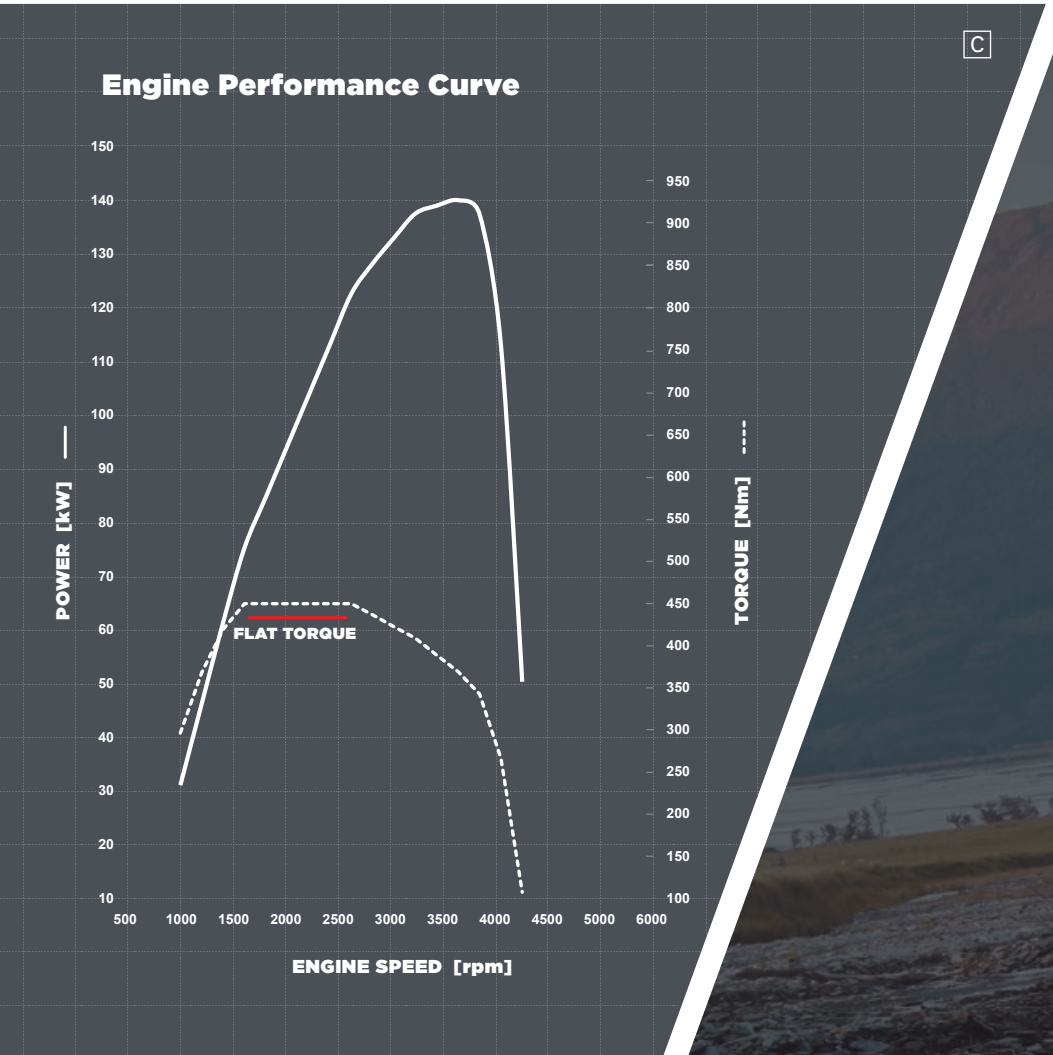
4x4 D-MAX LS-U in Mercury Silver metallic



A

B

C



Go your own way with 140kW of power and 450Nm of torque.

Its advanced 3-litre turbo diesel common rail engine produces an avalanche of torque on demand. All 450Nm is available from just 1600rpm, providing maximum take-off and acceleration, while a broad, flat torque band aids driveability. With precise fuel injection control and low engine noise, improved aerodynamics and all the power you need, the D-MAX is more capable than ever before. Being Euro5 compliant, the D-MAX also delivers efficient fuel economy across the range.

Mated to a choice of manual or automatic six-speed transmissions – the new D-MAX demonstrates sophistication across its drivetrain. 6-speed manual transmissions benefit from a new dual mass flywheel, which absorbs vibrations and torque pulses from the engine for smoother and more efficient drivability and transmission longevity. The 'Rev-Tronic' automatic transmission with sequential sports mode, automatically selecting the most appropriate shift and lock-up points according to driving style, vehicle load and road speed. Meanwhile, the short-throw gear lever in the manual D-MAX now boasts a superior pivot point – allowing for sportier, more palpable driving engagement.

Whether it's powering through the work week, crushing the weekend or going where the others won't, the Isuzu D-MAX is the complete performer.

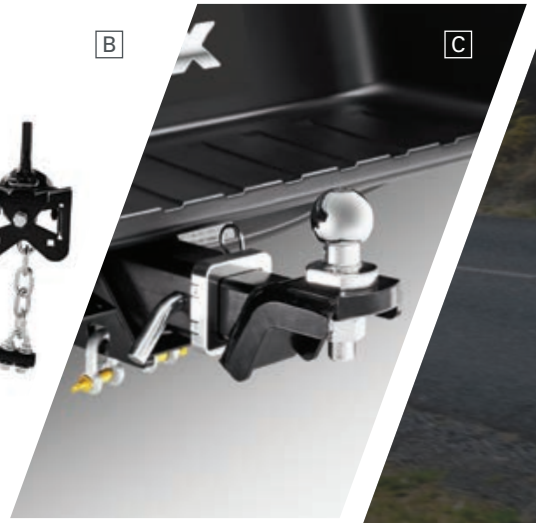
A ISUZU 3.0L ENGINE: The advanced 4JJ3-TCX with plenty of real world power (140kW) and torque (450Nm).

B 6-SPEED TRANSMISSION: The D-MAX features 6-speed automatic and manual transmission options across the range.

C ENGINE PERFORMANCE CURVE: A flat torque curve delivers 450Nm of torque from 1600rpm to 2600rpm.

THE POWER TO MOVE

4x4 D-MAX X-TERRAIN in Magnetic Red mica



Strong, stable and always willing, the All-New Isuzu D-MAX meets every challenge with 3.5-tonne towing*.

Your search for the perfect travelling companion is over. Isuzu's legendary 3-litre turbo diesel engine delivers high torque across the range, making light work of a caravan, boat, or trailer. When fitted with a genuine Isuzu UTE tow bar kit, every D-MAX is able to tow up to 3.5 tonnes, while electric power steering ensures easy touring, no matter how long the journey – or how rough the conditions. Included across the range, Trailer Sway Control (TSC) can assist in bringing the towed vehicle back under control in high winds or uneven surfaces. Should it detect sway, TSC will attempt to assist by automatically applying the brakes on individual vehicle wheels, helping to stop your trailer from stepping out of line - and keeping you on the road. Serene and worry free.

Wider and stronger than ever, the new D-MAX underwent the equivalent of over four million kilometres of testing during research and development – both on and off-road – and it shows. It emerged as the toughest ute in Isuzu's history, with an incredibly durable chassis and suspension tuned for Australian conditions. And you can further adapt your D-MAX, with an electronic brake controller kit and weight distribution hitch for ultimate control over your load.

A TRAILER SWAY CONTROL (TSC): Will apply brakes to individual vehicle wheels to help bring the trailer safely back under control.

B OPTIONAL GENUINE WEIGHT DISTRIBUTION HITCH: Ease the burden on the rear of your D-MAX by spreading the load evenly across the chassis with a genuine weight distribution hitch accessory.

C OPTIONAL GENUINE TOW BAR KIT: Tow up to 3.5 tonnes with the genuine Isuzu tow bar kit accessory. Available with optional 7-pin or 12-pin wiring harnesses.

D OPTIONAL ELECTRONIC BRAKE CONTROLLER: Maintain precise control of your heavy caravan or trailer's brakes from the comfort of the driver's seat.

*Braked towing on all D-MAX models when fitted with an optional genuine Isuzu D-MAX tow bar kit.

THE ROAD LESS TRAVELLED

4x4 D-MAX X-TERRAIN in Volcanic Amber metallic

A

B

C

D

Designed from the ground up to handle Australia's toughest terrain, the All-New Isuzu D-MAX comes alive off-road.

Wherever you're planning to go, your D-MAX is up for the task. With extensive steel underbody protection, an increased wading depth+ of 800mm, and with a rear axle differential lock as standard on all 4x4 models, the D-MAX is your most reliable way to escape the everyday.

Engineered for Australian conditions, every 4x4 D-MAX features 'Terrain Command' as standard, allowing you to switch between 2WD-high and 4WD-high modes at speeds of up to 100km/h in less than a second. When the going gets tough, selecting 4WD-low will provide increased traction and complete control. Hill Start Assist (HSA) automatically prevents roll-back when starting on steep gradients (above 5.7 degrees), while Hill Descent Control (HDC) gives you maximum traction on rough downhill terrain. Add a turning circle of just 12.5 metres – meaning maximum manoeuvrability in tight spaces – and the D-MAX is supremely confident. Whatever the conditions. Wherever the location.

A STEEL UNDERBODY PROTECTION: Steel underbody guards on sump and transfer case on 4x4 models.

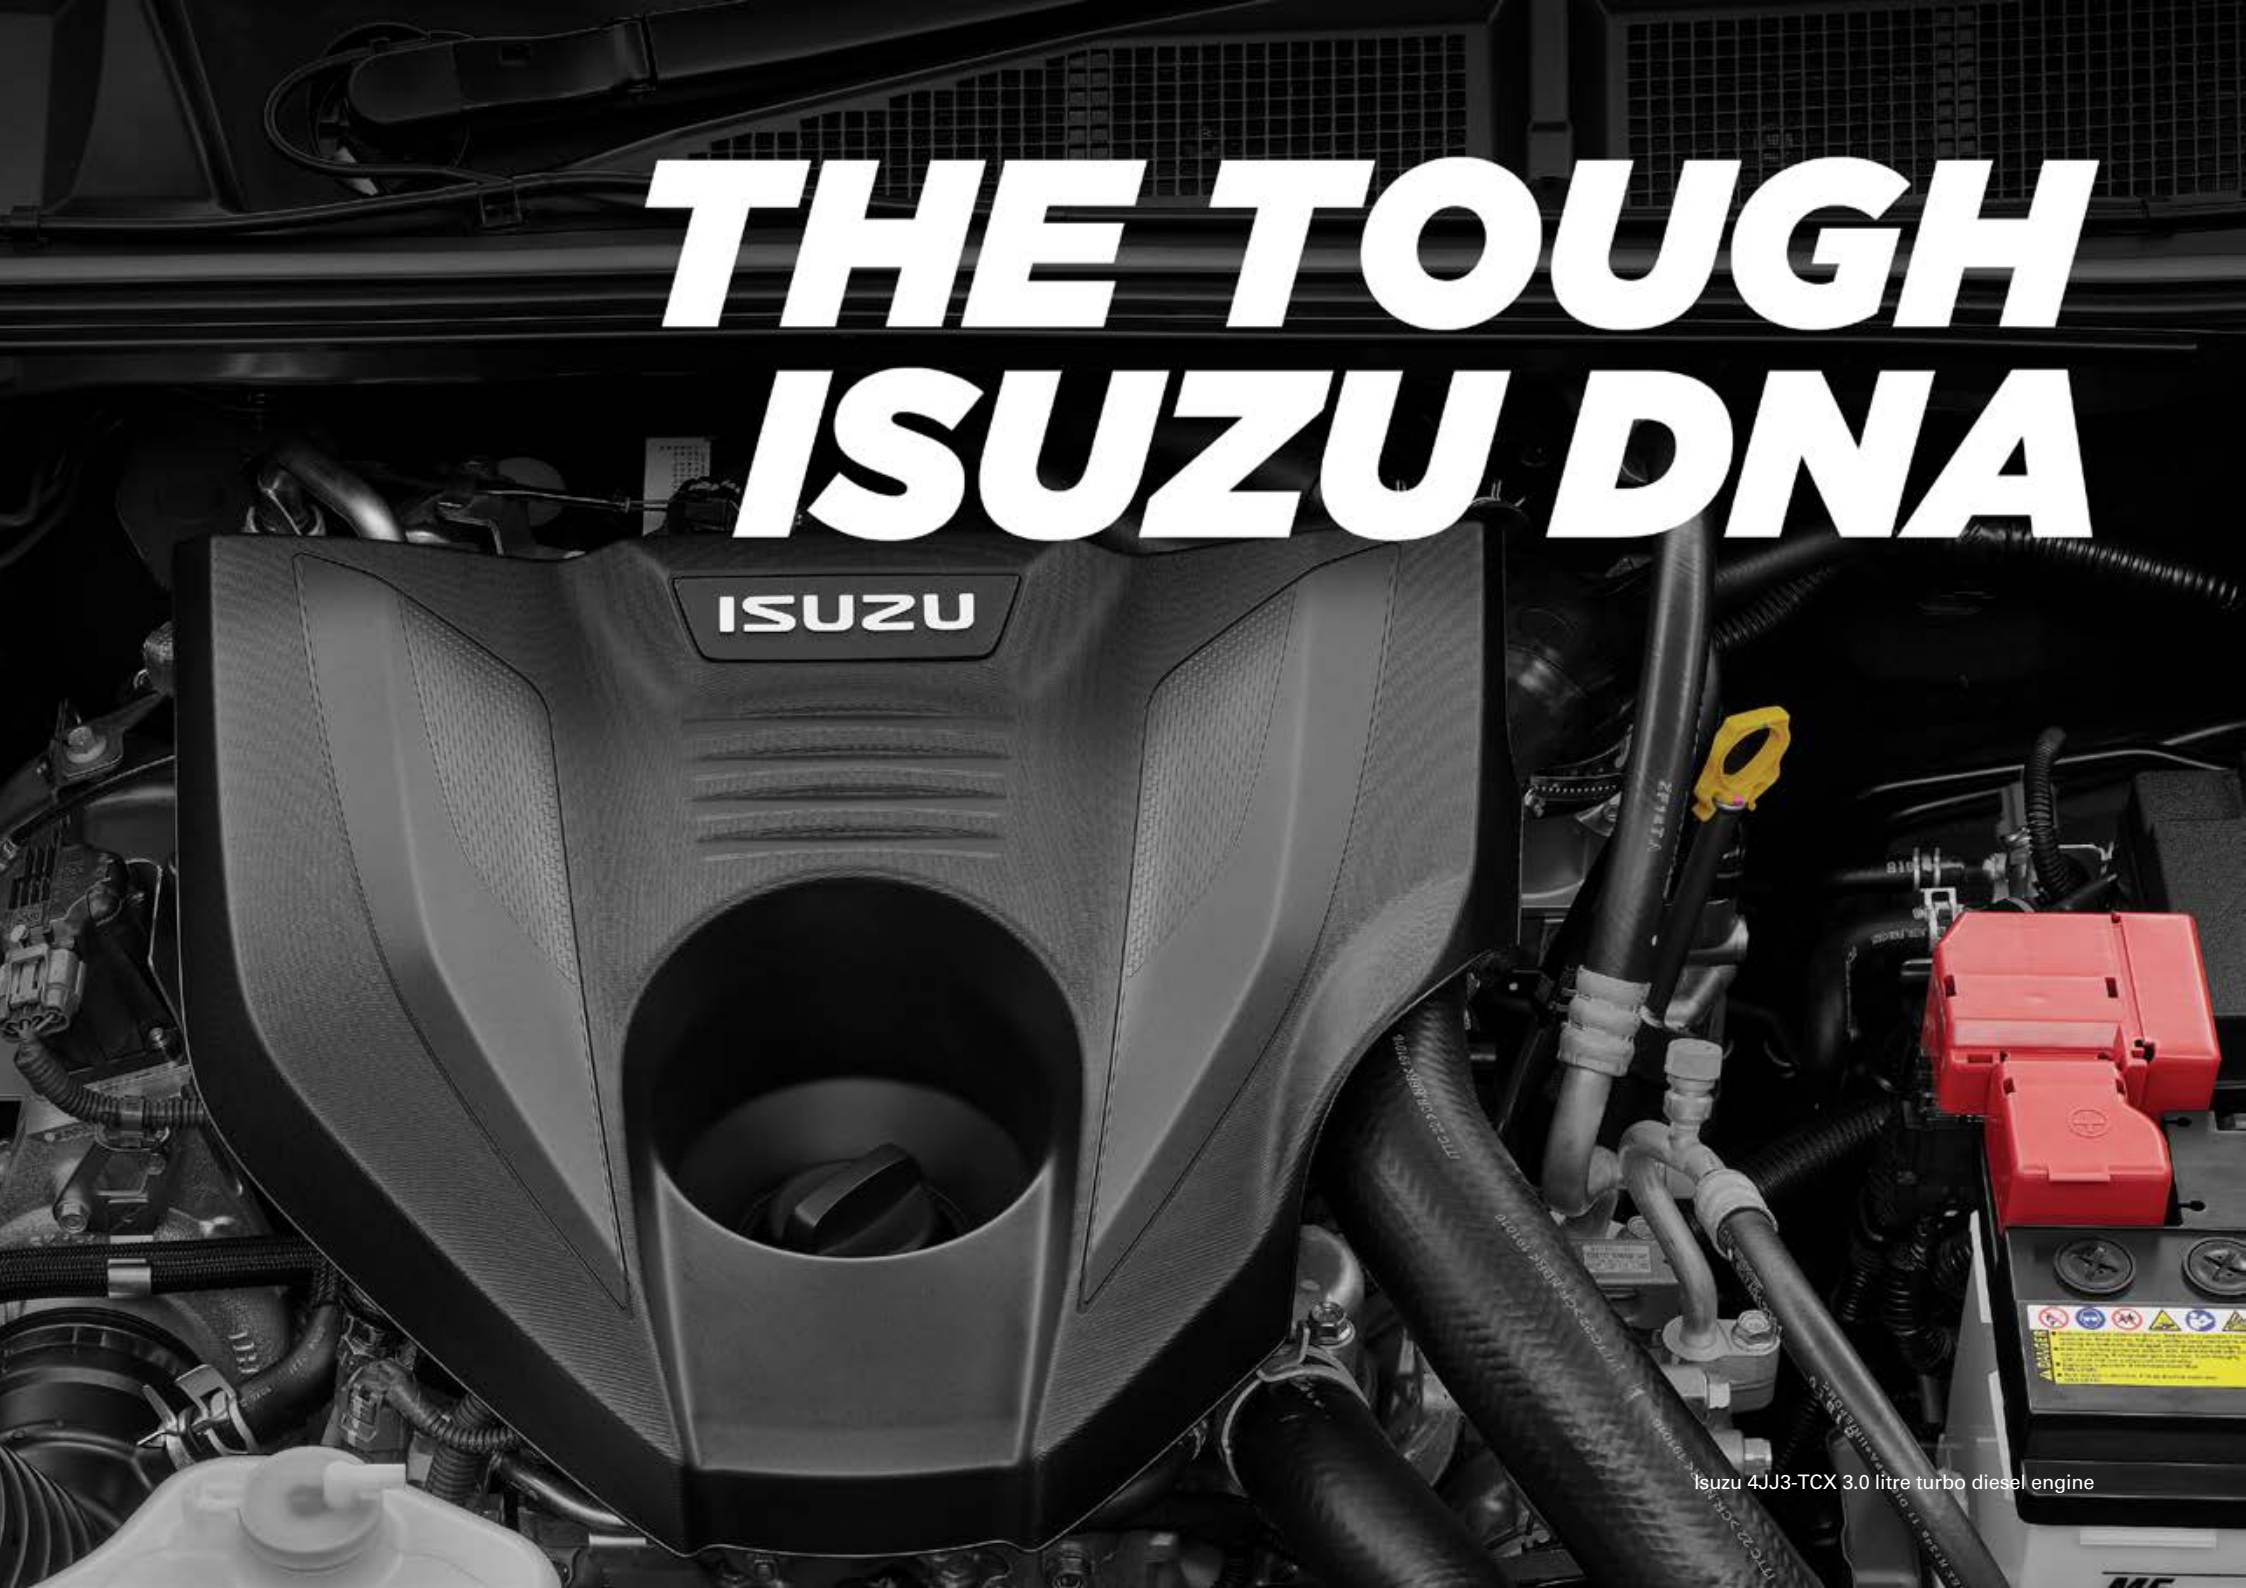
B 800MM WADING DEPTH: Water crossings are simple with an increased wading depth+ of 800mm on all D-MAX models.

C REAR DIFFERENTIAL LOCK: Standard on all 4x4 models, the rear differential lock can be engaged with the push of a button when in 4WD-low.

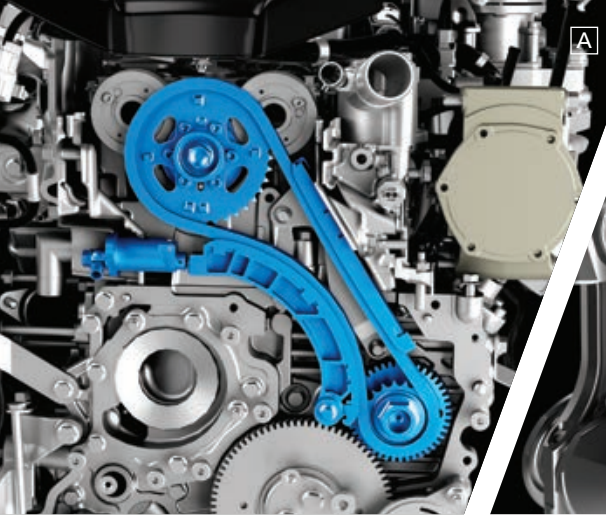
D TERRAIN COMMAND DIAL: Switch quickly and easily between 2WD-high, 4WD-high and 4WD-low driving modes.

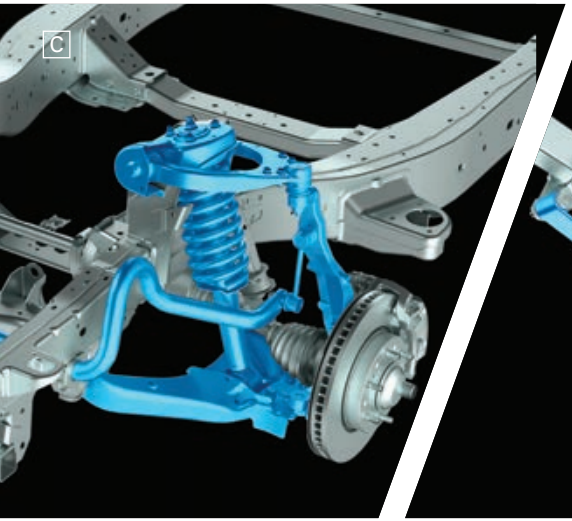
+Up to 800mm of wading depth on all D-MAX models when travelling at a consistent speed of 7km/h. Water ingress may occur if speed is not maintained or if the vehicle is static in water above 350mm.

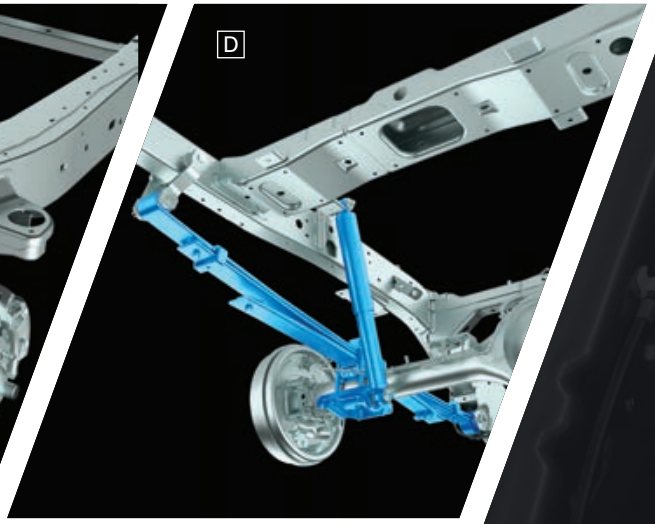
THE TOUGH ISUZU DNA

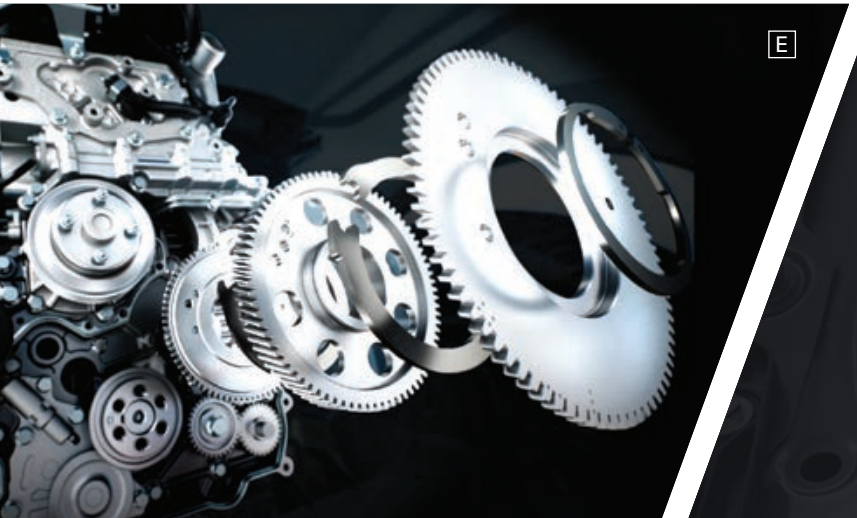


Isuzu 4JJ3-TCX 3.0 litre turbo diesel engine









After a century of building the world's most reliable workhorses, the All-New Isuzu D-MAX is Isuzu's toughest ute – ever.

Having built more than 26 million engines internationally, Isuzu is the world leader in diesel engineering. Made to go the distance, the D-MAX has a legendary reputation for reliability. Over generations of commercial vehicle manufacturing, Isuzu has proven itself across Australia – and around the world.

The D-MAX's chassis is constructed with ultra-high tensile steel with extra cross members for added durability. Warm Stress Shot Peening (WSSP) long-span rear suspension is both stronger and more flexible, while independent double-wishbone front suspension with higher upper control arms improve handling for a more comfortable ride. The improved lightweight body provides improved overall stability, greater occupant protection, as well as reduced noise and vibration throughout the cabin.

A STEEL TIMING CHAIN: The steel timing chain found in the Isuzu engine is sturdier and lasts longer than a standard poly belt.

B PISTONS: Piston crowns and pins are coated with a special diamond-like carbon that improves durability and heat resistance, helping the engine work smoothly at maximum power.

C FRONT SUSPENSION: Higher mounted control arms minimise body roll when cornering and improve tyre grounding.

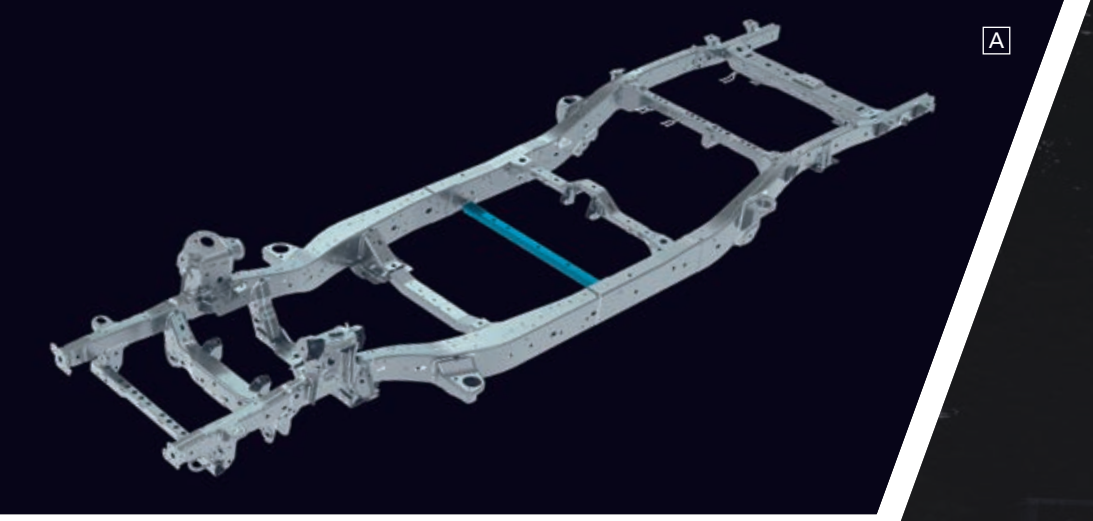
D REAR LEAF SUSPENSION: A lighter, but stronger leaf designed for Australian conditions creates a smoother ride.

E DOUBLE SCISSOR GEARS: A double scissor idler gear design results in reduced engine and gear noise for quieter and smoother operation.

Engine component imagery is for illustrative purposes only & actual appearance may differ.

THE HARDEST WORKER

4x4 D-MAX SX Single Cab Chassis in Mercury Silver metallic
with optional Heavy Duty Alloy Tray & Tow Bar Kit



A

B

C

The Isuzu D-MAX works as hard as you do to get the job done anywhere, anytime.

No fuss. No short cuts. No excuses. The D-MAX is built to work. Whether you're on the land, on a building site or anywhere in between, the D-MAX's superior ladder frame chassis design provides total confidence. Stronger and wider, its rigidity is increased by an incredible 20 percent over its predecessor, thanks to larger chassis side rails and an added cross member. Delivering improved stability when loaded or towing, it ensures long-term durability and sure-footed performance.

Loading up cargo in the cabin is made simple with D-MAX's ingenious Space Cab. Featuring rear 'wing' doors to make cabin access easier and a redesigned single piece B Pillar for improved body rigidity, the Space Cab is a workers' best mate. And for even greater versatility, your D-MAX can be matched with a genuine Isuzu D-MAX tray body, with a range of alloy or steel trays and accessories available to suit you.

All SX and LS-M models come with tough 17-inch all-terrain tyres as standard. They make light work of even the roughest ground while offering a smooth ride on tarmac – and low road noise. With Android Auto™ and wireless Apple CarPlay® across the range, you'll always be connected to the rest of the world.

A LADDER CHASSIS: The D-MAX's superior ladder chassis is 20 percent stronger, wider and has an added cross member for improved rigidity.

B SPACE CAB DESIGN: Ample storage behind the front seats can be easily accessed via rear 'wing' doors.

C SX GRADE INTERIOR CABIN: SX interior with 7" touchscreen featuring Android Auto™ and wireless Apple CarPlay®.

THE PERFECT FLEET

4x4 D-MAX SX Single Cab Chassis in Mercury Silver metallic with optional Heavy Duty Alloy Tray, 4x4 D-MAX LS-M Crew Cab Ute in Mercury Silver metallic & 4x2 D-MAX SX Space Cab Ute in Obsidian Grey mica

With 20 variants available, there's always an Isuzu D-MAX to suit your needs.

Precision engineered for durability and economy – and with a time-proven reputation for reliability – the D-MAX is the ultimate workhorse. And with a choice of 20 variants, the only decision is which D-MAX best meets your requirements. Whether your people need to go the distance on highways, into the outback or simply from site to site, the D-MAX range has been engineered for valuable cost savings across your fleet, with fewer trips to the fuel pump and less time off the road.

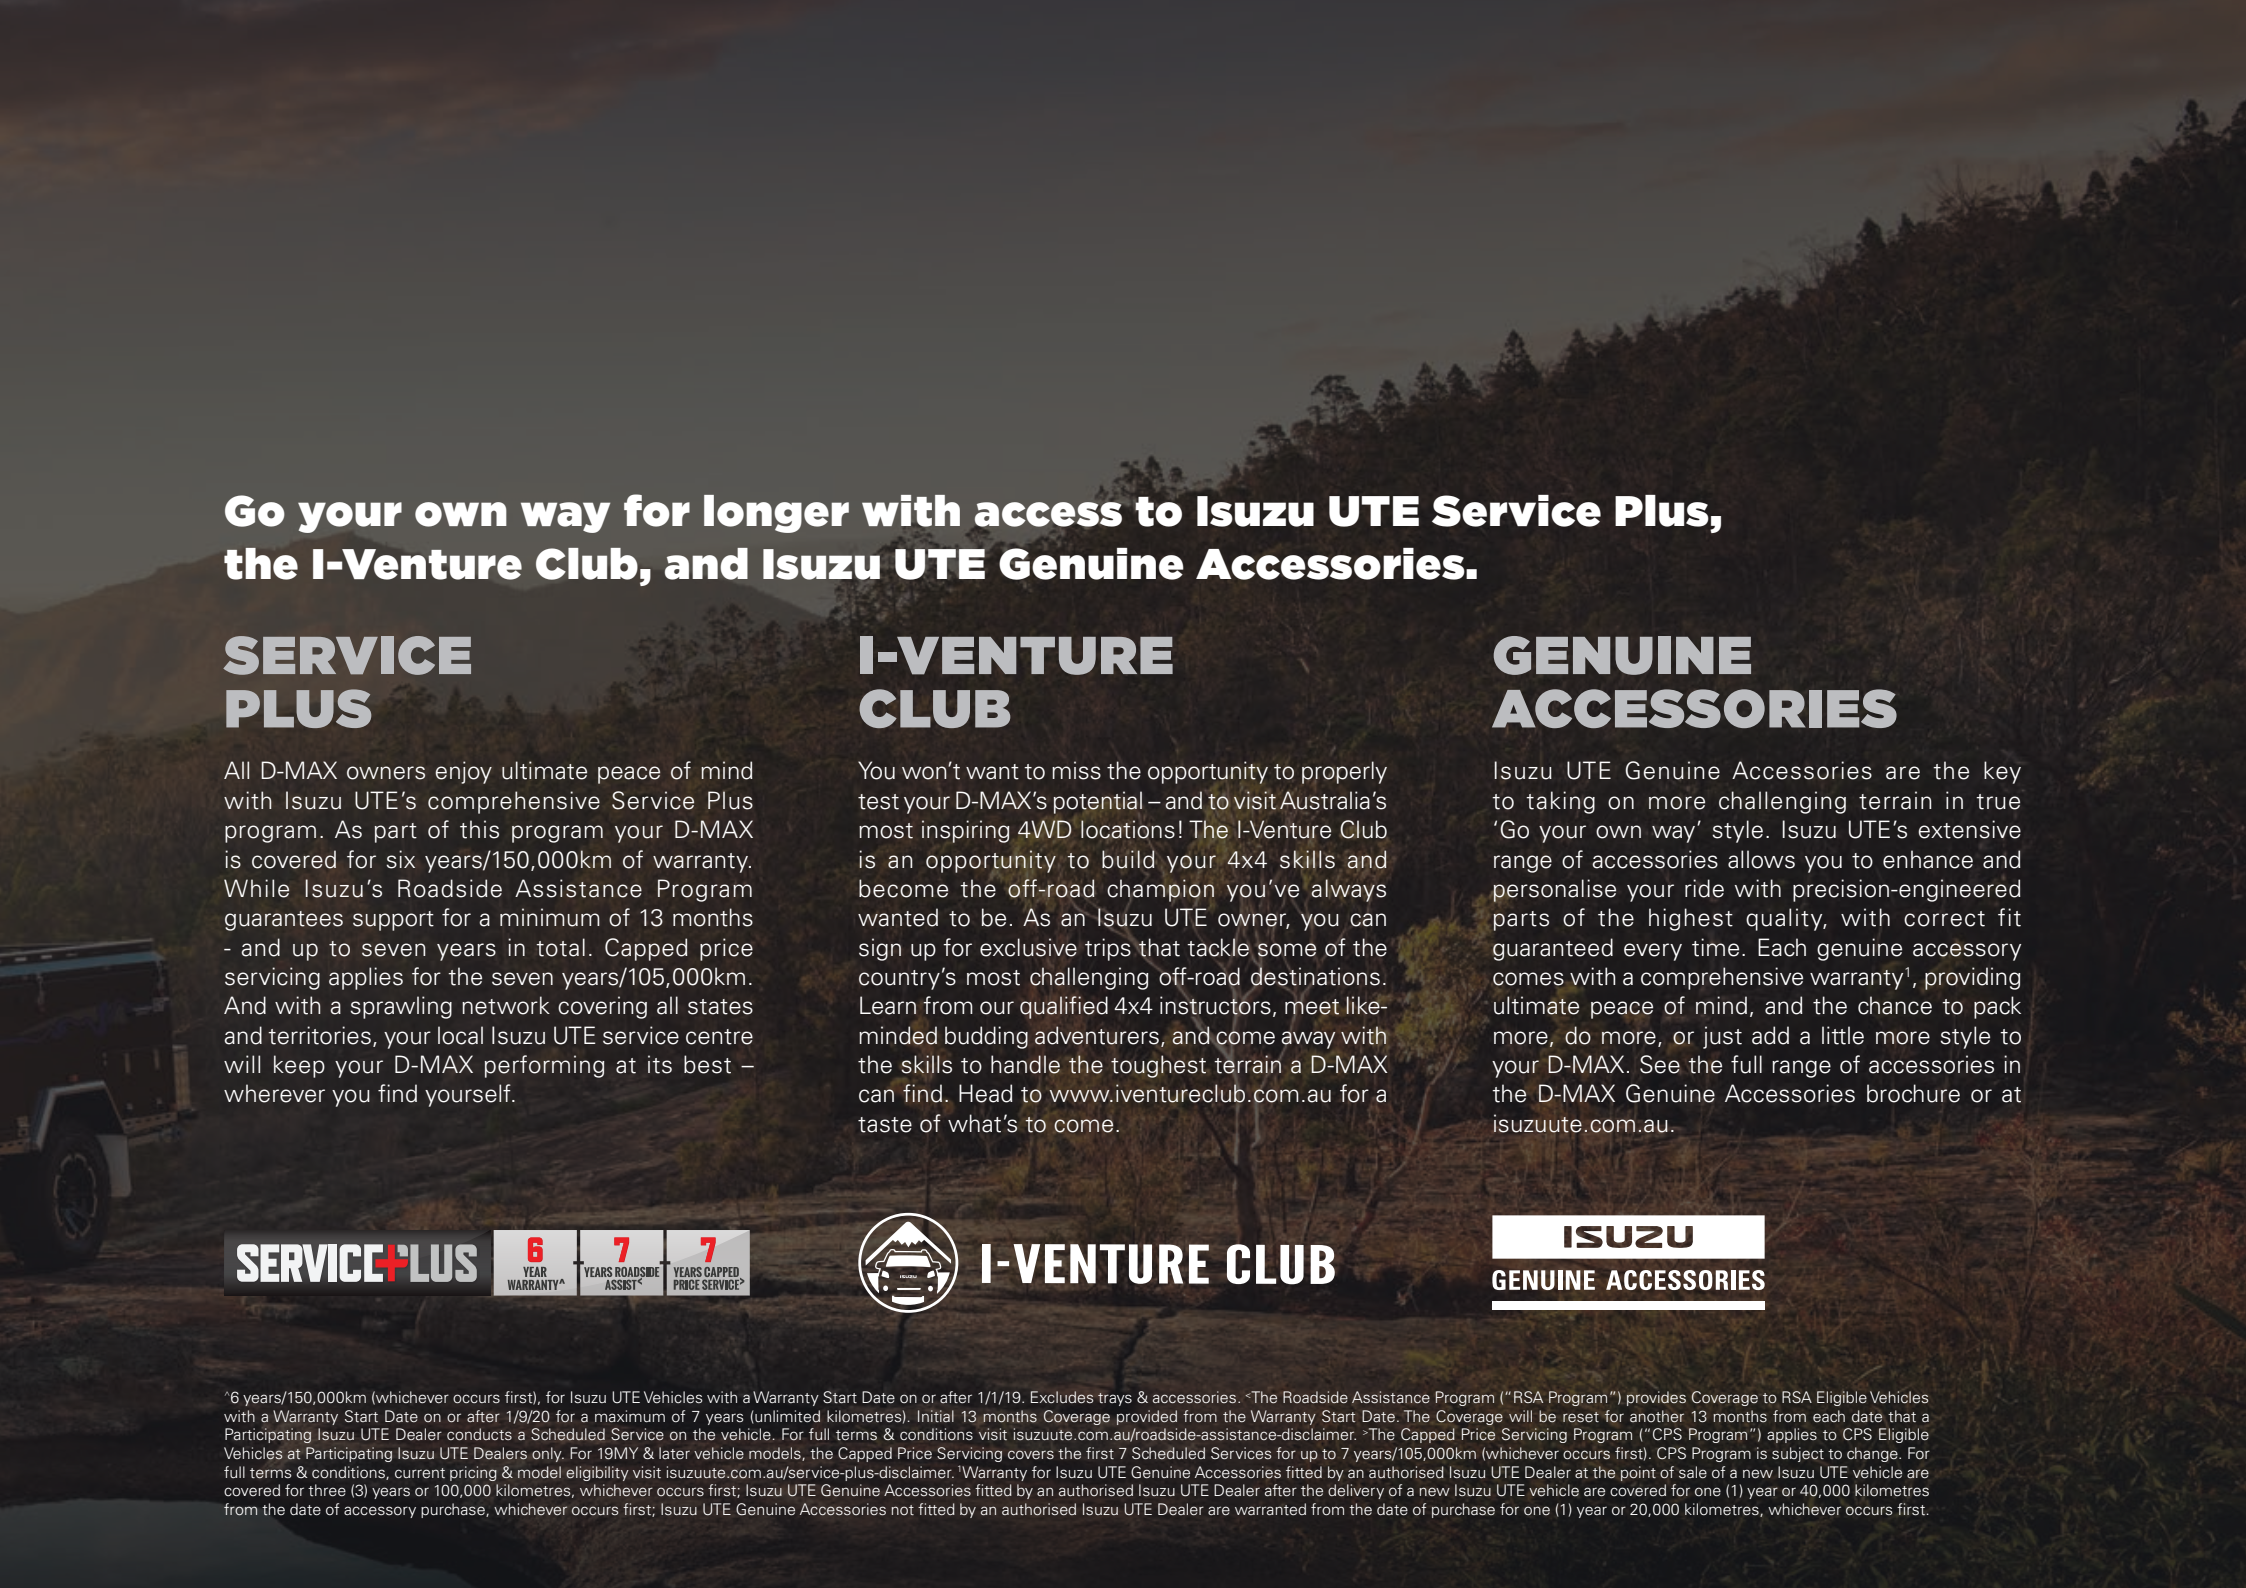
With the Isuzu Intelligent Driver Assistance System (IDAS) incorporated into every D-MAX, your workforce has never been better protected. Every IDAS safety feature is designed to improve driving practices and maintain driver alertness, as well as protecting pedestrians and other road users. Keeping your employees – and your investments – as safe as possible.

Isuzu UTE's Dealer network of over 150 Dealer locations spans every Australian state and territory, including regional and remote locations, ensuring that support is always close at hand. Our dedicated team of fleet managers are always available to ensure that your fleet requirements are met. Whether you're your own boss or heading up an international corporation, a D-MAX fleet is equipped to suit every aspect of your business.

IDAS features are designed to assist the driver, but should not be relied upon nor used as a substitute for safe driving practices. Feature operation may vary in different driving conditions. For full explanation of limitations, see Owner's & Driver's Manual.

THE ADVENTURE STARTS HERE

4x4 D-MAX LS-M Crew Cab Ute in Mercury Silver metallic &
4x4 D-MAX LS-U Crew Cab Ute in Cobalt Blue mica fitted with
optional Isuzu UTE Genuine Accessories



Go your own way for longer with access to Isuzu UTE Service Plus, the I-Venture Club, and Isuzu UTE Genuine Accessories.

SERVICE PLUS

All D-MAX owners enjoy ultimate peace of mind with Isuzu UTE's comprehensive Service Plus program. As part of this program your D-MAX is covered for six years/150,000km of warranty. While Isuzu's Roadside Assistance Program guarantees support for a minimum of 13 months - and up to seven years in total. Capped price servicing applies for the seven years/105,000km. And with a sprawling network covering all states and territories, your local Isuzu UTE service centre will keep your D-MAX performing at its best – wherever you find yourself.

I-VENTURE CLUB

You won't want to miss the opportunity to properly test your D-MAX's potential – and to visit Australia's most inspiring 4WD locations! The I-Venture Club is an opportunity to build your 4x4 skills and become the off-road champion you've always wanted to be. As an Isuzu UTE owner, you can sign up for exclusive trips that tackle some of the country's most challenging off-road destinations. Learn from our qualified 4x4 instructors, meet like-minded budding adventurers, and come away with the skills to handle the toughest terrain a D-MAX can find. Head to www.iventureclub.com.au for a taste of what's to come.

GENUINE ACCESSORIES

Isuzu UTE Genuine Accessories are the key to taking on more challenging terrain in true 'Go your own way' style. Isuzu UTE's extensive range of accessories allows you to enhance and personalise your ride with precision-engineered parts of the highest quality, with correct fit guaranteed every time. Each genuine accessory comes with a comprehensive warranty[1], providing ultimate peace of mind, and the chance to pack more, do more, or just add a little more style to your D-MAX. See the full range of accessories in the D-MAX Genuine Accessories brochure or at isuzuute.com.au.

SPECIFICATIONS

Engine

Series	Isuzu 4JJ3-TCX
Description	3.0 litre turbo diesel, in-line 4-cylinder, DOHC, 16-valve with Diesel Particulate Diffuser (DPD)
Maximum torque	450Nm @ 1600→2600 rpm (automatic and manual)
Maximum power	140kW @ 3600 rpm
Bore x stroke	95.4mm x 104.9mm
Displacement	2999cc
Compression ratio	16.3 : 1
Cylinder head	Isuzu-patent special aluminium alloy
Valve gear	Chain-driven dual overhead camshafts, roller rockers, 4 valves/cylinder
Induction	Electronic high pressure common rail direct fuel injection with VSS (Variable Swirl System) and intercooled electric control VGS (Variable Geometry System) turbocharger
Cylinder block	Cast iron upper with induction-hardened cylinder bores, cast alloy lower
Emission level	Euro5
Alternator	90 amp with Intelligent Battery Sensor (IBS)

Transmissions

Manual	Isuzu MVL-6S 6-speed manual with high torque capacity and output reduction, 275mm diameter clutch plate and dual mass flywheel		
Automatic	Aisin AWR6B45 II 6-speed with sequential shift and brake shift lock electronically controlled, tri-mode with fuel-saving lock-up torque converter on gears 3, 4, 5 and 6 ►Uphill/Downhill Transmission Control: holds gear in varied-gradient ascents, selects gear on steep descents to hold speed with engine braking		
Ratios: 1		6-speed Manual	6-speed Automatic
	1st	4.942	3.600
	2nd	2.452	2.090
	3rd	1.428	1.488
	4th	1.000	1.000
	5th	0.749	0.687
	6th	0.634	0.580
	Reverse	4.597	3.372
Final drive	4x2	3.727	3.727
	4x4	3.727	3.727
	Snorkelled diff breathers to increase fording depth and reduce mud blockage		
Transfer gearing	4x4 low-range	2.482	2.482
	4x4 high-range	1.000	1.000
4x4 system	"Terrain Command" control with 'shift on the fly' 2-high↔4-high selection at up to 100km/h, 4-low with rear differential lock		
Drivetrain system	TCS (Traction Control System) on all model variants		

Steering

Electric power steering with speed-sensing steering feel (light at low speed, heavy at high speed); tilt and telescopic adjustable steering wheel

Engine-speed-sensitive variable capacity Electric power system; 3.84 turns lock-to-lock via tilt-adjustable steering wheel

Chassis

Separate, full-length heavy-duty chassis with 8 cross members on all models

Front suspension

Independent, high-ride, coil springs, gas shock absorbers, upper and lower wishbones, stabiliser bar

Rear suspension

4x2 SX Space Cab Ute, LS-M and all Cab Chassis models: Heavy Duty alloy-steel overslung long-span semi-elliptic leaf springs; gas shock absorbers

4x2 and 4x4 models: Alloy-steel overslung long-span semi-elliptic leaf springs; gas shock absorbers

Axles

Front

Independent 4x4: fully floating with outer CV, inner double offset joints and equal length driveshafts. Rating: 1450kg

Rear

Rigid semi-floating banjo with hypoid final drive and dual tapered needle roller bearings. Rating: 1910kg

Brakes

Anti-lock Brake System (ABS) with Electronic Brakeforce Distribution (EBD), Electronic Stability Control (ESC), Emergency Brake Assist (EBA), Traction Control System (TCS), Rollover Mitigation, Hill Start Assist (HSA), Hill Descent Control (HDC) and Trailer Sway Control (TSC)

320mm dia. ventilated front discs with 2-piston calipers, 295mm rear drums

Power-assisted via 10" servo unit; central pull up park brake

Wheels and Tyres

SX	17" x 7" drilled silver-finish steel; 255 / 65 R17 All-Terrain
LS-M	17" x 7" alloy; 255 / 65 R17 All-Terrain
LS-U	18" x 7.5" alloy; 265 / 60 R18 Highway-Terrain
X-TERRAIN	18" x 7.5" dark grey alloy; 265 / 60 R18 Highway-Terrain
All Models	Full size steel spare wheel

Service Plus

Warranty	For the ultimate peace of mind, every Isuzu D-MAX comes standard with a comprehensive, bumper-to-bumper 6 years/150,000km warranty^.
Roadside Assistance	Enjoy up to 7 years Roadside Assistance< when you complete your scheduled services at a Participating Isuzu UTE Dealer.
Capped Price Servicing	As an owner you will get access to our Capped Price Servicing> Program. The CPS Program covers the first 7 Scheduled Services in line with the Scheduled Service Intervals.

^6 years/150,000km (whichever occurs first), for Isuzu UTE Vehicles with a Warranty Start Date on or after 1/1/19. Excludes trays & accessories. <The Roadside Assistance Program ("RSA Program") provides Coverage to RSA Eligible Vehicles with a Warranty Start Date on or after 1/9/20 for a maximum of 7 years (unlimited kilometres). Initial 13 months Coverage provided from the Warranty Start Date. The Coverage will be reset for another 13 months from each date that a Participating Isuzu UTE Dealer conducts a Scheduled Service on the vehicle. For full terms & conditions visit isuzuute.com.au/roadside-assistance-disclaimer. >The Capped Price Servicing Program ("CPS Program") applies to CPS Eligible Vehicles at Participating Isuzu UTE Dealers only. For 19MY & later vehicle models, the Capped Price Servicing covers the first 7 Scheduled Services for up to 7 years/105,000km (whichever occurs first). CPS Program is subject to change. For full terms & conditions, current pricing & model eligibility visit isuzuute.com.au/service-plus-disclaimer.

IDAS

IDAS	Every D-MAX comes with Isuzu's Intelligent Driver Assistance System (IDAS) built-in to protect and enhance the driving experience. IDAS includes smart technologies as well as other passive and active safety features.

IDAS features are designed to assist the driver, but should not be relied upon nor used as a substitute for safe driving practices. Feature operation may vary in different driving conditions. For full explanation of limitations, see Owner's & Driver's Manual.

Fuel tank capacity (litres)	76	76	76	76	76	76	76	76	76	76	76	76	76

[Δ]Fuel consumption & emissions figures based on ADR 81/02 & are to be used for vehicle comparison purposes only. Actual fuel consumption & emissions will vary depending on many factors including, but not limited to, traffic conditions, individual driving style & vehicle condition. [^]Kerb weight - unladen mass of vehicle & full tank of fuel, excludes tray body for cab chassis vehicles. Fuel weight ratio is based on Fuel Standard (Automotive Diesel) Determination 2001. [~]Payload equals GVM minus kerb weight.
